

**Growth Report for  
Scholar Name**

March 2016

**What to work on next...**

*Math*

- Write number sentences that involve both addition and subtraction

*Writing*

- Always stretch out your words so you can hear the sounds. Write down the letters that make the sounds you hear.
- Consistently leave "meatball spaces" between words.
- Always start with a capital letter and make sure there are no extra capital letters.

*Science*

- Practice identifying shapes in the world with your scholar using the language of each shape and asking them 'How do you know that shape is \_\_\_?' Your scholar should list what they know is unique about that shape.

*Reading*

- After reading a story, take five minutes to discuss the main elements. Where does the story take place? Who are the main characters, and what do they want!

**HABITS OF SUCCESS**

This cycle, your scholar made great progress on  
**RELATIONSHIPS!**

*You can work with your scholar on these Habits of Success to become even better...*

- I share my thoughts and feelings kindly
- I care about other people and my community

**ATTENDANCE**

Unexcused Absences	# of Absences
Unexcused Tardies	# of Tardies
Unexcused Absent Day Count	Absent Day Equivalent

\* Please remember: An Unexcused Absent Day Count over 20 for the year requires a meeting with the Principal in order to avoid being marked a habitual truant
